

# INTERNATIONAL WMS MARKET SURVEY

## Warehouse Management Systems by Comparison

IWL and the partners of the Supply Chain Group AG investigate together for the third time this year the international market of Warehouse Management Systems (WMS).

### **Are you a WMS vendor?**

Do you want to be informed about future demands on your WMS and don't you want to miss out on the latest developments in the market?

### **Enrol in our WMS Survey!**

If you participate in our survey your WMS will be automatically listed in the SCG WMS Online Finder WOLF. Potential customers can find their best fitting WMS with the help of this tool for free.

# The SCG's WMS Market Survey

## Five Frequently Asked Questions and Answers

### 1. *What is special about the SCG WMS Market Survey?*

It is the unique approach to characterize the different WMSs by their market orientation, which makes the SCG survey different from others. Not technical details but the WMS vendors themselves describe their target group and complexity level.

### 2. *Who ist IWL AG? What is the SCG?*

IWL AG is your reliable partner for consulting and planning services in logistics and process optimisation for over 20 years. Together with 5 additional international logistics experts we affiliated to the SCG The Supply Chain Group AG.

### 3. *Who is this survey addressed to?*

The survey is basically addressed to everybody who is interested in the subject of WMS. No matter if vendor, consultant or user, our survey puts everybody in the position to get a quick and objective overview.

### 4. *How can I benefit from the Survey as a WMS vendor?*

The content of the survey helps you to recognize developments in the market early and to keep an eye on your competitors. The WMS online finder guides potential customers with best fitting profile directly to you. As a listed vendor you additionally benefit from our various publications and our permanent endeavour to make the survey public among experts.

### 5. *How can I participate in the survey?*

Just request the participation form directly at ours.  
For participation in the current survey we charge a singular fee of EUR 950,00 +VAT.
